MISSION

The **mission** of KHS is to provide favorable learning environments where democratic ideals are lived and where people want to be
KHS is a school where self-esteem is valued and where people care for and respect each other; where learning occurs because teaching is relevant to present and future needs and where the best possible teachers are provided; and where collaborative efforts and partnerships are promoted and honored.

To my fellow Ayuyus,

What is the true purpose of a yearbook? Is it to show us how funny we looked during the year or to show us how many times we appeared in it? Actually that is not its purpose; a yearbook shows us how much we have changed ourselves within a matter of four years. Not only that they show us our interests, memories, friends, but lifetime events.

Every year schools release their yearbooks to its population. For Kagman High School it's different, this year we are releasing our very first yearbook. This yearbook is more than a book filled with life and color. It's an item that contains everything that we loved about school, our friends, our favorite teachers, and our first work detail anything that has been embedded into our memories. Our goal this year was to produce a high-end yearbook that even students from other schools will be caught in astonishment. I am proud to say that from all the hard work we have achieved that goal. This yearbook will not be looked on now but in the later years. Later years when we all have grown up and have headed into different direction.

Style, creativity and more is needed to create a special yearbook, something that will never be forgotten. To make a yearbook unforgettable, yearbook class had to work as one brain, but still put in their own sense of style. This year we held nothing back, everything that we felt needed to go in we did just that. That is why when you turn the pages of this yearbook you will always be welcomed by something unique, something special. Everyone looks at a yearbook from a different perspective, but I know that everyone will feel the same way afterwards.

To my yearbook staff, thank you for all the hard work that you have put into our class. All those projects that you did paid off in the end. Many people think that all we did was take pictures but actually there was more. You all came in everyday with a sense of determination and that is what allowed our yearbook to be this good. All of you are hard working people that I know will be successful in life. Even though most of us were doing our own little thing we all worked together to create something worthwhile. The hard work that you have done will never be forgotten. Enjoy this yearbook because all of you deserve this.

To my friends, thank you for being understanding when I was working on the yearbook. You all were very patient when I jumped into this yearbook head first. A decision that I am happy that I made considering how this yearbook turned out. Thank you for your understanding I appreciate this act more than you will ever know. All of you have made my experience at Kagman High School a memorable one. Not only was I shown school spirit, I also saw how our school was bound as one. A unique thing that only Kagman High School has and will ever have. We shared cheers, laughs and everything else, memories that you my friends have helped me create.

To my other friends, those that I have built friendships with recently, I will never forget you guys. You all know how you are each of you have given me a better sense of humor and everything else that good friends should. I am so happy that I was able to build new friendships will all of you. Although our friendship is only a few months old I am certain that it will continue to grow for the years to come. Elouise, thank you for being who you are, our friendship just grew this semester but I feel that what we have is a lifetime friendship. You have kept your humor through everything that we have gone through together, thank you. A friend you are but even more you are my confidant and my support. Never change because what you have is something that will never be forgotten.

Ms. Tunoa, thank you so much for believing that I could handle something so important like this yearbook. I never though that I could ever assume such a responsibility and live to tell the tale lol. Thank you for allowing me to let my imagination and creativity run wild, not many people allow me to do that and I ended learning new things about myself. All those nights and weekends of hard work finally paid off, we finally completed our yearbook. Which I am so glad we were able to produce without having a nervous breakdown lol.

This yearbook was created from the minds and hard work of our yearbook class. Enjoy it because perfection only comes, "Once In A Blue Moon" and this is it!!!

Thank You, Si Yu'us Ma'ase and Olomwaay

Message from the Principal

Hafa Adai and Tirowoomi from the "Home of the Ayuyus"!

First and foremost, on behalf of the faculty and staff of Kagman High School, I wish to commend the Yearbook Class, Student Council, and Ms. Wei-Lie Tunoa for a job well done. Without their untiring effort, time, and late nights/weekends working on the Yearbook, the Kagman High School's Yearbook would not have been possible. Thank you and we truly appreciate everything you have done.

To the Class of 2003, I wish to extend my Congratulations as you have set your momentous mark of being the first class to graduate from Kagman High School. The greatest gift I leave you with is to be your own hero. The presidents and movie stars can never lead you to happiness, only your spirit can do that. The key to life is to do those things which will keep you alive in a life worth living. Know and trust yourself, and happiness will be yours. If your purpose in life is to end poverty and world hunger, or to be the best politician, doctor, lawyer, military personnel, or teacher this world has ever known, you will feel it in your soul, and I challenge you not to ignore your calling or vocation in life beyond high school. Have courage to do those things which bring you happiness and fulfillment and the world will be enriched by your strength and commitment.

And to all the underclassmen, continue to strive to succeed in your academic studies and involvement in school leadership activities/programs as your continued learning will always open life's doors to further opportunities. But only you can make it happen, by holding onto your dreams and loving them into reality by following your own star and always doing your best in all that you do. We anticipate seeing you in school year 2003-2004 for another great year at Kagman High School!

This Yearbook serves as a momentous keepsake of the memories you had during your year at Kagman High School. Treasure and cherish these memories as they will be your most profound memories. Keep this yearbook in a safe place and pull it out on your 10th, 20th, or 30th Class Reunion to help you identify your classmates when you plan your reunion.

Good luck and wishing you success in life and all that you do!

Sincerely,

Student Body President Message

On behalf of STUCO 2002-2003, I'd like to thank the administration, teachers, and staff for supporting all our activities/events this school year. We will always be grateful for all the things you have done for us.

I'd like to thank all the CLASS OFFICERS & STUCO REPS who had to put up with me and listen to me preach. I can only hope that you have learned that being a leader is not only stressful, but it pays a priceless reward when you know that you have made a difference. I wish you all the best!

To the UNDERCLASSMEN, I have nothing but mad love for you all. Thank you for giving me the opportunity to serve as your STUCO PRESIDENT. Your confidence in me has been a genuine treasure that I will cherish forever.

My STUCO OFFICERS - MENCH, LYNN, DORA, MIN — thanks for being there to help pull thins through. This year would not have been as good without each one of you on the team. JOSEPH - my shining star - stay true to yourself. ANCHA - a friend and a blessing from above - thank you for your friendship. NICOLE - I was lucky enough to have you on my team. KIM - thanks for everything. I could always count on you. TITSZZ - I owe you all the laughter and smiles that you put on my face. JOEVANNI - I can't seem to find the right words to thank you for being weird as I am. At least I know I'm not alone in this world. FARRAH - I seriously don't know what I would have done without you. To the TANAPAG CREW - thanks for sharing the moments with ME. ABBIE, MAYNARD, RAYNA, PJ DLG, PJ ALDAN, JERRA MAE, BILL JONES, CHARISS, JUAN DONKS, TOSH, JENNIE, NIKKI, CAROLYN, DEX, JAY, CHACHI, ETHAN, KRISTY, PATRICK M, LE, SSHS FRENZ NOLA, DINGAS, TONY, AND SO MANY MORE - thank you all for your friendship. I wish you all the best in life.

MS. TUNOA - you never fialed to straighten up my act and put me in my place. You have helped me cope with the challenges of being a STUCO PRESIDENT. I could always find a friend in you though. You have held it together and always gave it your best. I will never forget you because of all the little heart-felt concerns you've showed me. FAAFETAI TELE!

TO MY FAMILY - I love you all. JBOI, ANNA, RAY - thanks for the ride. JOJO - I believe in you. MY NUMEROUS UNCLES & AUNTS - thank you for all your support.

TO MY SISTERS & BROTHERS - we've equally shared in all the laughter, pain, and moments that have made us united and inseparable in heart and in thoughts. No best friend will ever compare to our friendship. I love you all.

MOM & DAD - you've taught me that with a lot of commitment, hard work, & faith, anything is possible. Your love that has come unconditional and endless has brought me to become who I am today. I could never repay you, but I can only hope you're proud of me. I love you both.

MY HEAVENLY FATHER - who has made all these miracles happen - I hope your blessing will dwell on through my life and KAGMAN HIGH SCHOOL.

God bless you all!

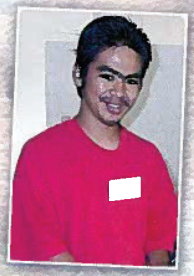
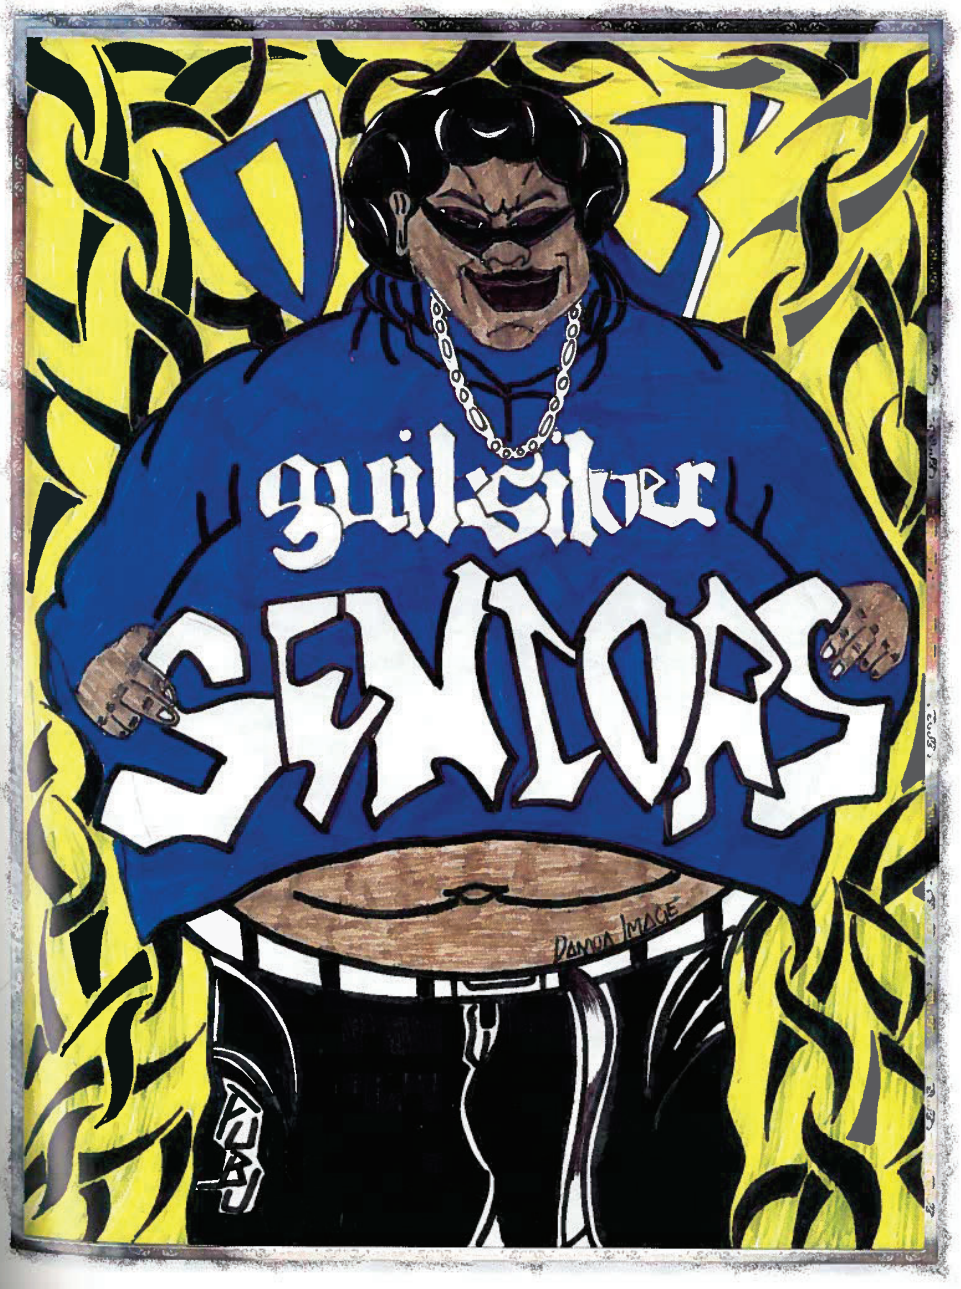
JUNIORS





Congratulations Seniors - 2003

To the Senior Class of 2003:

Give it up for yourselves! The first graduating class of Kagman High School.

I hope all of you are proud of yourselves and have your heads lifted high. You have finally "made it." You have accomplished the goal - you can finally call yourselves graduates. As your advisor, I want to say that in the short time we have known each other, it has been a great honor. You taught me things and hopefully you can say the same. Sure there were stressful times raising fuds or calling meetings or preparing for pep rallies, but in the end it has been worth it.

I want to challenge each and everyone of you to never forget your school, you friends, your teachers, or the experiences you have had. As you continue on to college or the workforce, give you all in everything you do. Strive to do your best and never give up. At times life will seem "too hard" and circumstances will become "unbearable." But we all know the good times overshadow the bad.

Our motto is "Everyone has a chance at the spotlight, you can have it after we're done!!" Don't forget this -- never settle for second best? Look for that spotlight! One word.... PAIRERE!

GRADUATION '03

"We Are All Together"

Intro: Don't you think its hard to say.
That we all know we're going away.
As we go on, knowing we're friends
together

Verse I: Don't you think its hard to say.
That we all know we're going away.
As we go on, knowing we're friends
on a journey we know it won't end.

Keep in mind, we keep in mind, our
memories. All the time we spent so
free. But in the end, we all will see,
That soon we all will be!

Chorus: Together, (2x) We are, Together again.
Yes! MMMM-MM, Together again.

Verse II: The road is hard to figure out.
But yes we'll make it without a doubt.
It's not too hard for us to see
Determination and love is the key.

-Repeat Chorus-

Verse III: We left this year, knowing we're the
best. Cause you know we're better
than less. Graduates of 2000 and 3
We made this year what we wnat it
to be.

-Repeat Chorus-

To all the 2003 Graduates of Kagman High School

Jonathan Winters once said, "If your ship does'nt come in, swim out to it". For some of you, your educational journey ends here and your ships have come home. But for many of you, still, it is only the beginning of a more complex and challenging journey. Having obtained the knowledge, learned the skills, and sketched the map that you will need, each of you can now learn to navigate your own ships through rough and troubled waters, and toward wherever you want it to take you.

It is with great pleasure that I take this opportunity to congratulate each and every one of you for a job well done and to wish you all a bright and prosperous future.

Rep. Gloria dlc Cabrera

To Kagman High School, Home of the
"AYUYU"
and Most Especially the 2003 Graduates

Congratulations in making Kagman High your very special institute of learning. Continue to be one family to reach for that special Goal...Success in the Future.

To the 2003 Graduates, I join your Family and the people of the Commonwealth in Congratulating you for your accomplishments and wishyou all much success in your future endeavor

Congratulations and Good Luck!
