## MOTTO

"United in Spirit, Leading with Courage".

## VISION

Kagman High School's vision is to establish a comprehensive educational program that reflects the varied needs of all our students.

## MISSION

The Mission of Kagman High School (KHS) is to provide learning environments where democratic ideals are lived, best possible teachers and staffs are provided, and where people want to be.

## PHILOSOPHY

The purpose of education is to help the individual achieve the personal development necessary to find satisfaction and purpose in a rapidly changing global society. The school must educate all students to high levels of academic proficiency while nurturing positive growth in social behaviors and attitudes, regardless of race, gender, and previous background. The staff of Kagman High School believes that all students can achieve mastery of needed skills with the expenditure of time, discipline and effort by students and staff. Education is a lifelong process of continuous learning and adaptation: therefore, the responsibility for educating must be combined effort of the school, the home and other community institutions. All curricular and extracurricular activities will be designed to promote not only personal growth but also development of leadership, teamwork and human relationships. All students will be encouraged to think logically, positively, and creatively to benefit themselves and the society in which they live.

## Principal's Message

Hafa Adai and Tirowoomi from the "Home of the Ayuyu's"!

First and foremost, on behalf of the faculty and staff of Kagman High School, I wish to commend the Yearbook Class, Student Council, and Ms. Wei-Lie Tunoa for a job well done. Without their untiring effort, time, and late nights/weekends working on the Yearbook, the Kagman High School's Yearbook would not have been possible. Thank you and we truly appreciate everything you have done.

To the Class of 2004, I wish to extend my Congratulations as you have set your momentous mark of being the first class to graduate from Kagman High School. The greatest gift I leave you with is to be your own hero. The presidents and movie stars can never lead you to happiness, only your spirit can do that. The key to life is to do those things which will keep you alive in a life worth living. Know and trust yourself, and happiness will be yours. If your purpose in life is to end poverty and world hunger, or to be the best politician, doctor, lawyer, military personnel, or teacher this world has ever known, you will feel it in your soul, and I challenge you not to ignore your calling or vocation in life beyond high school. Have courage to do those things which bring you happiness and fulfillment and the world will be enriched by your strength and commitment.

And to all the underclassmen, continue to strive to succeed in your academic studies and involvement in school leadership activities/programs as your continues learning will always open life's doors to further opportunities. But only you can make it happen, by holding onto your dreams and loving them into reality by following your own star and always doing your best in all that you do. We anticipate seeing you in school year 2004-2005 for another great year at Kagman High School!

This Yearbook serves as a momentous keepsake of the memories you had during your year at Kagman High School. Treasure and cherish these memories as they will be your most profound memories. Keep this yearbook in a safe place and pull it out on your 10th, 20th, 30th Class Reunion to help you identify your classmates when you plan your reunion.

Good luck and wishing you success in life and all that you do!

Sincerely,

  
**DOREEN M. TUDELA**  
Principal

## *Vice-Principal's Message*

GREETINGS! This school year was another year of challenge for the students, parents, faculty, and staff of Kagman High School. This challenge is the need to ensure that each and every one of you receives the education that you deserve as well as providing the opportunity to learn a skill. The skill that you learn in high school should prepare you for the life after graduation. This life could either be to get a job or to continue your education in your chosen career field.

For the graduating class, the theme of "The Future Starts Now" symbolized your thoughts of what you need to do to prepare for a better tomorrow. If we don't start now, we won't get too far in this world. There is a better future for all of you if you set your sights high and achieve this goal. Never be satisfied with what you have now, continue pursuing that dream so that you can have a comfortable and fulfilling life.

For the underclassmen, it is never too late to start thinking of what you want to do. This is the best time to evaluate what you want out of your life. Look at high school as a stepping-stone of what your tomorrow will be. View your classes as preparation for that life after high school. Plan the classes you take as that preparation, rather than just a course to meet graduation requirements. Start now – as then "The Future Starts Now" has stated – to be prepared for the future.

Congratulations to the seniors who will be leaving us and best wishes. For the rest, will see you again in another challenging school year.

## *STUCO - President's Message*

Wow! So this is it - my last and final moments as your 2003-2004 Student Council President and a Student of Kagman High School. I can't believe its been a whole year. As I write this message I feel sadness because I am leaving a place I call my second home, a place where I have grown to love dearly and because the most wonderful years of my life is now coming to an end. This has really opened my experiences to a whole new world. I would most especially miss the hectic schedules with classes and with representing the school in various activities. I also feel joy and excitement because I am ready to see what life has in store for me. I have no regrets though; this has been an amazing experience I will not forget.

I'd like to begin by thanking all the students of Kagman High School for making my year as your Student Council President a success and year to remember and never forget. Thank you for all the smiles, the words of encouragements, the love and most especially the support.

To my best friends - my sisters, Maridel Camacho, Joeleen Camacho, Sabra Camacho, and Reika Villagomez, thank you for sharing special moments with me, you all have taught me to be a better and stronger person. You four will forever remain in my heart and in my thoughts. To Joana Rabago, ai adai what can I say, but girl keep your head up high and shoot for the stars. To Matthew Borja keep smiling and having fun. I Love you all!

To this special person - you know who you are, thank you for being there for me to love. I know that our love will blossom. To Chanel Cabrera, Divana Dela Cruz, and Kevin Babauta, whoa! What a roller coaster ride, you guys are the best.

To my parents, I dedicate my life to you, thank you for the smiles, the laughter's, and the sacrifices both financially and mentally you have made for me. Mom and Dad you are truly the wind beneath my wings, because without you both I would not have wings to fly and achieve my goals.

To my fellow Student Council officers, thank you for your patience, I know that we were in a lot of disagreements throughout the year but we made it through. This has been one learning experience I will never forget. To the two greatest advisors Ms. Melanie Sablan and Ms. Wei-Lie Muasau-Tunoa - thank you, thank you for every thing. I owe a lifetime of gratitude to both of you.

To the faculty and staff, thank you for all your hard work and patience with us the students. I commend you for your exceptional services and your goals to strive to make our campus on top. Keep up the good job!

To the many other people who I did not mention who have wholeheartedly helped me throughout my four years of high school, thank you for your love, patience, and most especially guidance. You all rock!

So now, I pace myself as I walk down the aisle to receive my diploma knowing that I will be leaving this wonderful school. I want to let all the students both returning and incoming to keep the AYUYU spirit on top and be proud of who you are. To the next Student Council President, Good Luck and I know you will lead the school to the top! I will miss you all!

And, finally a big Thank you and Un Dankalu na Si Yuus Maase to you all. Take Care and Adios!
