## WORDS FROM OUR PRINCIPAL MS. LEILA STAFFLER ==>

### ~ Bouncing Back

The 2016-2017 School year was a year for KHS to bounce back from the hardships of the previous year marked by Typhoon Soudelor. Our campus losses were slowly restored on behalf of FEMA recovery funding. It was slow because the whole island was recovering at the same time; so materials and resources were scarce and projects took more time to complete. On a positive note, all PSS schools' local budget allocations were doubled, so there were many facility improvements that we were able to complete such as: re-tiling the Library, installation of security cameras, installation of 8 Meraki internet access points, installation of solar exterior lights and interior upgrades from fluorescent lighting to LED lighting to name a few.

### ~ College and Career Readiness

Our first batch of Million Dollar Scholars (Class of 2016) made it to their respective universities and settled in for their first year of college abroad. Meanwhile here at home, we began the next steps of grooming the next set of Kagman High Million Dollar Scholars from this year's graduating class. Our MD\$ visionary, Mr G vanGils, won CNMI Statewide Teacher of the Year honors because of his hard work to ensure KHS students break past the barriers that typically keep a student from pursuing higher education abroad. Now we are scaling up, starting a Juniors College Prep class in the Spring to help students prepare for the next MD\$ cohort. We also started a freshman PSAT prep cohort, who will continue to be groomed for MD\$ greatness. This year's MD\$ cohort will be attending the following colleges: Aurora Community College in Colorado, Dixie State University in Utah, Eastern Oregon University, Hollins University in Virginia, Northern Marianas College, Plymouth State University in New Hampshire, San Diego Mesa College in California, University of Guam, Washington Seattle Community College and Wenatchee Valley College in Washington.

### ~ Goals and Accomplishments

The 2016-2017 KHS School-wide Goal was to increase student growth in reading by 25 Lexile points on average by 05/26/2017 as measured by the Achieve3000 Post Test.

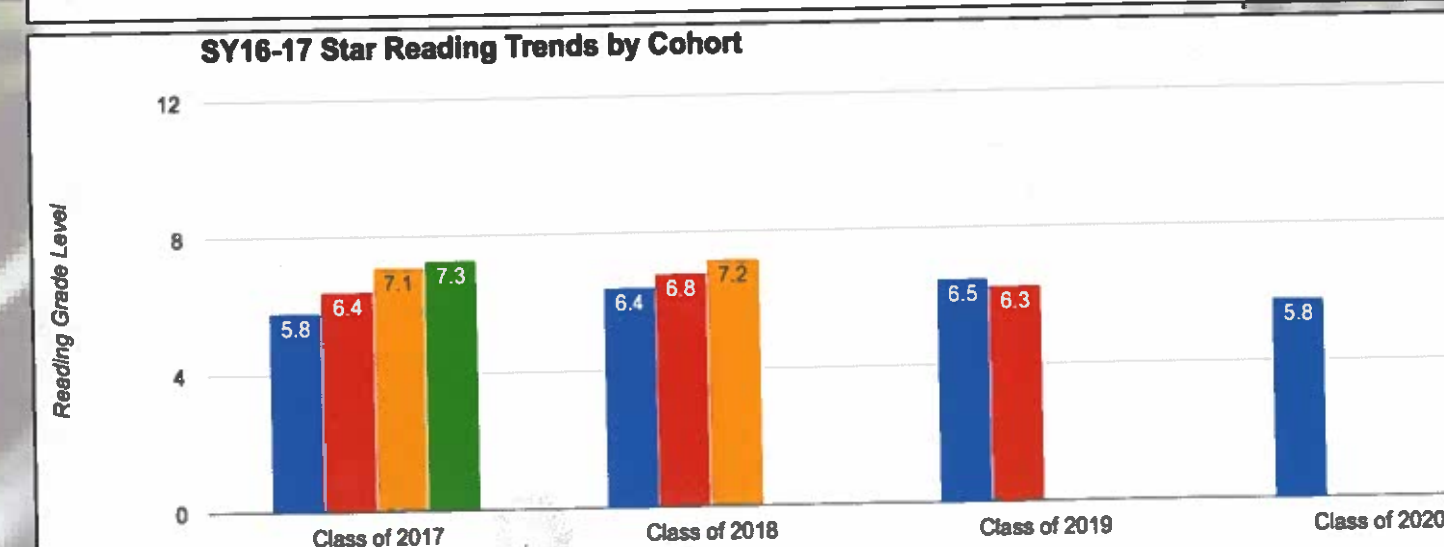

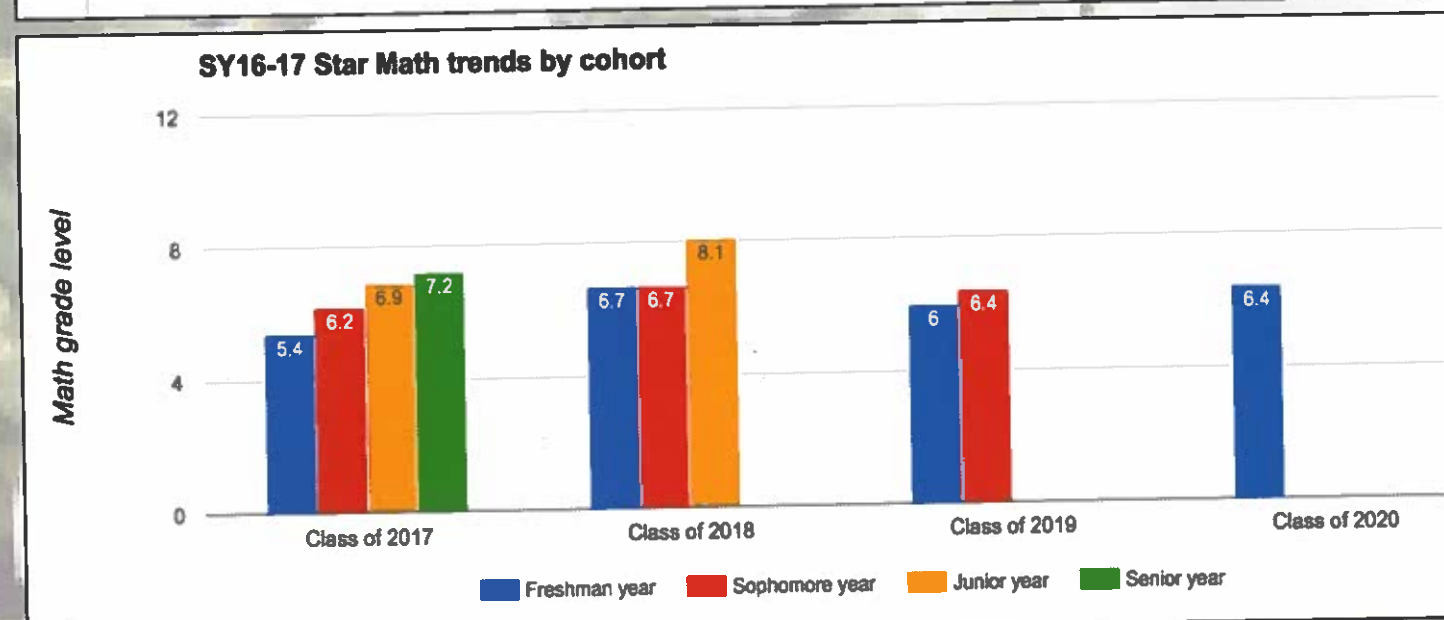

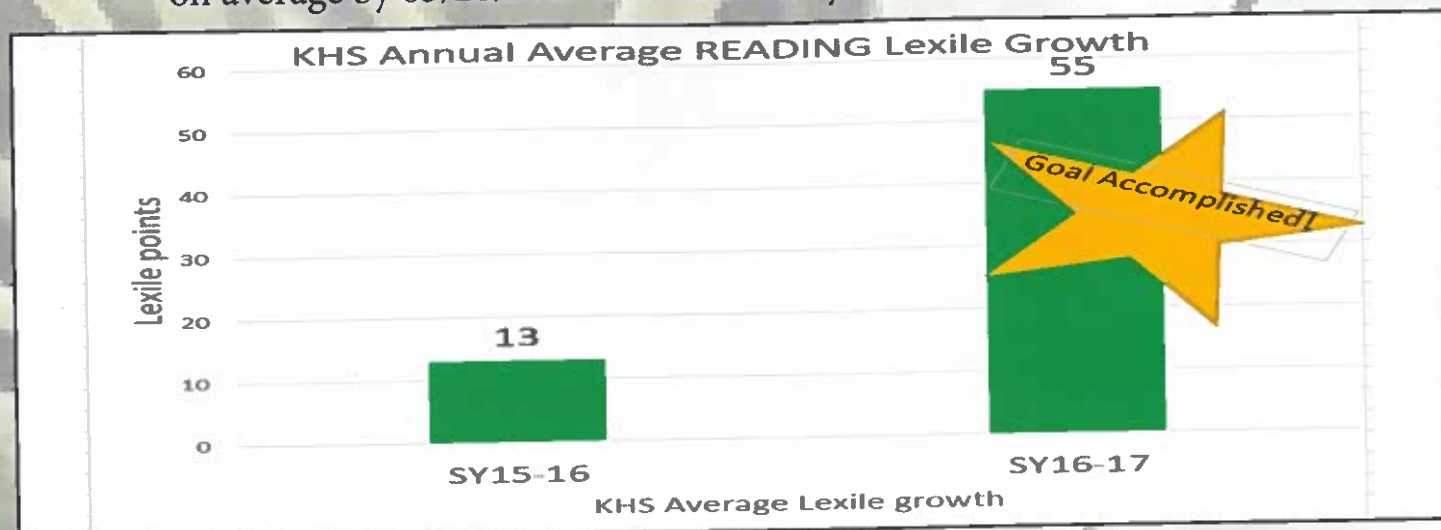

~ What is a reading Lexile? The Lexile Framework for Reading is a scientific approach to measuring reading ability. The Lexile Framework is a scale for measuring the reading ability of a student. The Lexile Framework can also measure the complexity of reading materials. The Lexile scale is like a thermometer, except rather than measuring temperature, the Lexile Framework measures a text's complexity and a reader's skill level. (<https://lexile.com/about-lexile/lexile-overview/>)

At KHS, we focused on raising student Lexile scores because Lexiles also measure reading comprehension. Reading comprehension is a critical skill all students must master to be college and career ready. This is KHS' ultimate desired outcome. We are proud to announce that even before the post test was completed, we obliterated that goal with student growth at 55 Lexile points on average! 63% of all KHS students raised their reading lexile by 25 points or higher by the submission of this report. The highest growth reported by a student was an astonishing 420 points! All of this was possible because of the hard work and dedication of all KHS teachers and staff. ALL KHS teachers, with the exception of math teachers, used the Achieve3000 reading program to support literacy and lexile growth across campus.

## Kagman High Accomplishments

Kagman High Achievement Goal: We will increase student growth by 25 Lexile on average by 05/26/2017 as measured by the Achieve3000 Post Test.

# TEACHERS AND STAFF

*A good teacher is like a candle - it consumes itself to light the way for others.*

*-Mustafa Kemal Atatürk*

*So often you find that the students you're trying to inspire are the ones that end up inspiring you.*

## STUCO President

As I stood on the cafeteria stage and swore in a student council President I realized 3 things. 1, this was about to be the most amazing experience ever. 2, this was also about to be the most stressful experience ever. And 3, this was about to change me forever. Being president has been amazing, I have grown so much as a person. I started off in 2013 as a shy freshman, barely coming to school or associating with anyone. And now I am ending my senior year in 2017, got my grades up and got closer to the staff and all my peers. I would say this experience definitely was stressful, but so worth it. To my dearest JUN-18RS, the rivalry this year has been real(cat laughing emoji) But you guys will run the school when we leave. Take risks, take chances, have the most fun you can your last year in highschool!!! Keep khs LIT. To my SOPHOMORES you all are in the years where one moment you think you have got it figured out then the next you have no idea what you are doing(cat laughing emoji) believe me, you guys will figure it out eventually, dont give up!! My freshies, you guys have 3 years ahead of you. But believe me, it will pass by so fast and before you know it you will find yourself ordering your stuff for graduation wishing you enjoyed your high school years more. Don't grow up too fast, make the best memories, live it up!!

And to my 2k17 family. I am grateful to have grown up with you all, from our mucus days, to when we acted cool in jr.high, to when we got our licenses and soon enough we'll be getting our diplomas together!! I encourage you all to follow your dreams, never let anyone tell you what you can and cannot do. Make your own decisions, you can accomplish anything you set your minds to!! Go out there, live, experience new things, and I wish you all the best of luck in life. Lastly, my PBZ/OCC family, you all are the most amazing people I have ever met. Thank you for being there for me every step of the way from our pamper years, to the turn ups, bad trips, beach bbq and everything in between. I would not have spent jr.high and highschool with anyone else(heart emoji) I love you all!!! My dearest ayuyus, thank you for blessing me with this amazing experience to have been your stuco president. Stay lit!

-Miss President

# Brittney Hamilton

## Senior President

One thing that high school taught me was that in the real world, nothing is served on a silver platter. You work for what you want and earn the things you love by working hard. With all that being said, my advice to the upcoming seniors, juniors, sophomores, and freshmen is to NEVER take anything for granted. Life is a blessing. Do not waste it on "ifs" and "maybes" but live life with adventures and possibilities. If there was on thing I regretted, it was never living up to my full potential. To my FRESHIES, you may think you know yourself or your friends but do not be too sure. You guys are at a phase where everything may seem boring because you guys are the babies of the school, but trust me, high school WILL change you. It will change others you thought were your friends and it will teach you to be a better person. My advice, don't be the person who wants to grow up and graduate so fast because you will regret it. Fours years may seem long but the day will come when all you ever wanted was time to slow down. To my SOPHOMORES, you know what I said about how high school will change you because most of you guys went through that phase. Now, as upcoming juniors you guys are probably excited to be in the "upperclass" level. My only advice to everyone is to enjoy but don't fail your junior year. Junior year is the year you don't want to mess up in. Don't do anything stupid, just make it bali.

To my JUNIORS, man... the rivalry has been too real! I love you guys! haha. Once we're gone you guys will be the leaders of the school. The most important advice I can give to everyone is to go out and create memories with your class. Trust me, senior year may not hit you guys in the beginning but once you wear maroon , all you guys would want is more time. The people you spend time with are the people who have been there for you since pampers. LIVE IT UP.

To my SENIOR class of 2017, MUCH LOVE GOING OUT TO ALL OF YOU! This year has been one hell of a ride from procrastinating to staying up late to finish an assignment due the next day. I wouldn't trade the memories we make as a family for anything in this world. Its been an emotional journey for all of us. Some of us will lose touch and some of us will stay in touch. Whatever happens after grad, we will always remain class of 2017. To the OCC, ya'll have made this school year lit and unforgettable. I love you guys so much and I am happy to say that within my four years of being in high school, the oba change crew made my senior year worth it at the end. My advice: stay out of trouble and go out and make something out of yourself.

This your senior class president, Brittney Hamilton signing off

# MILLION DOLLAR SCHOLARS

*We, the Million Dollar Scholars, are a select group of seniors at Kagman High School, Saipan, who have a goal to be awarded more than one-million dollars in college scholarships in the mainland. We will study together, travel together, and attend university together. We have banded together to overcome the obstacles which have traditionally impeded students from higher education off-island: poverty, distance, loneliness, and procrastination.*

# KOREAN CLUB

## (한국 클럽)

Advisor: Jiah I.

- My name is Mrs. Jiah Iguel, and I am the proud advisor of the KHS Korean Club. We had a great time in Korea and plan to fundraise more in an effort to return there with a new batch of KCC members, which is our main mission for each year. I also love spreading my foreign culture throughout our school. Da-eum sigankkaji!

The Korean Airport

# Music Club

The music club was created to give students the opportunity to experience music with their fellow peers who also have other musical talents and interests in music. We want to expand their knowledge about music and give them the chance to apply their musical talents through performances to help them build confidence.
