A painting of a couple in formal attire. The woman is on the left, wearing a black dress and white gloves, holding a large red rose. The man is on the right, wearing a white tuxedo jacket, a white shirt, and a black bow tie. The background is a light, textured beige color. The text is overlaid on the painting.

Principal's Thank You Message!

Mrs. Leila Staffler

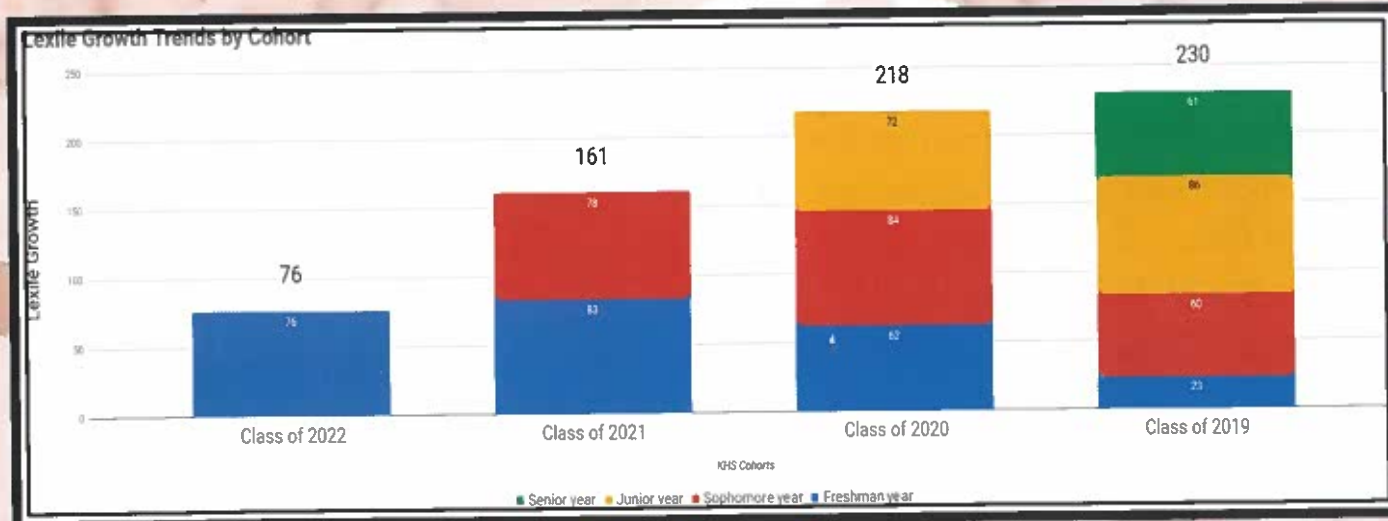

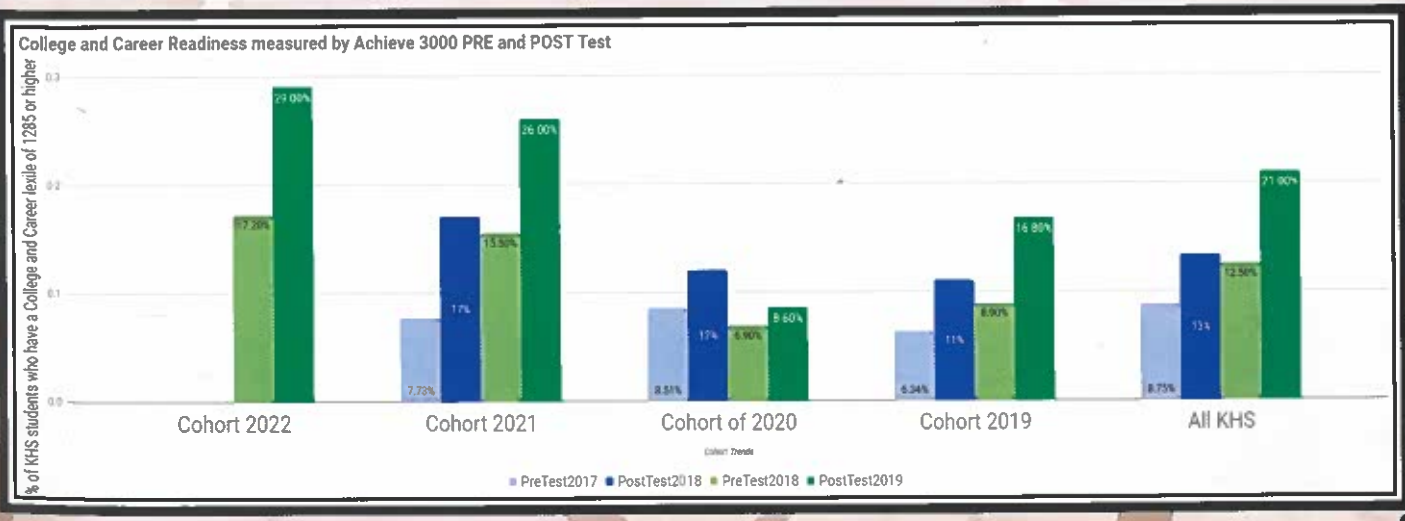

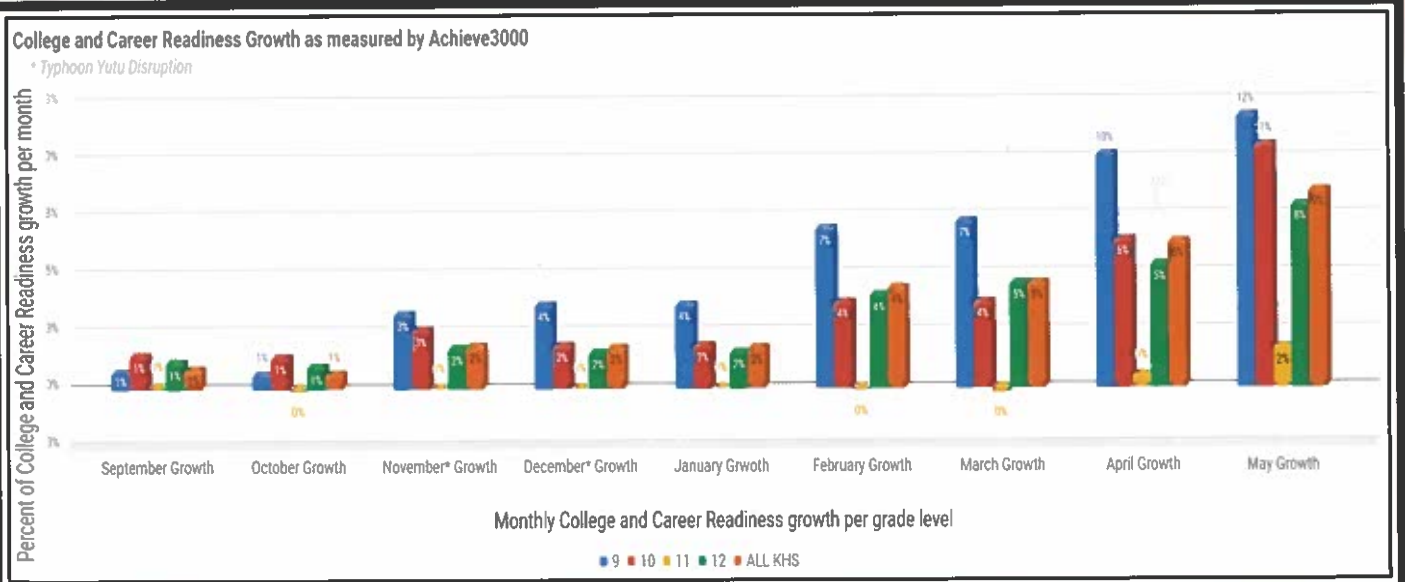

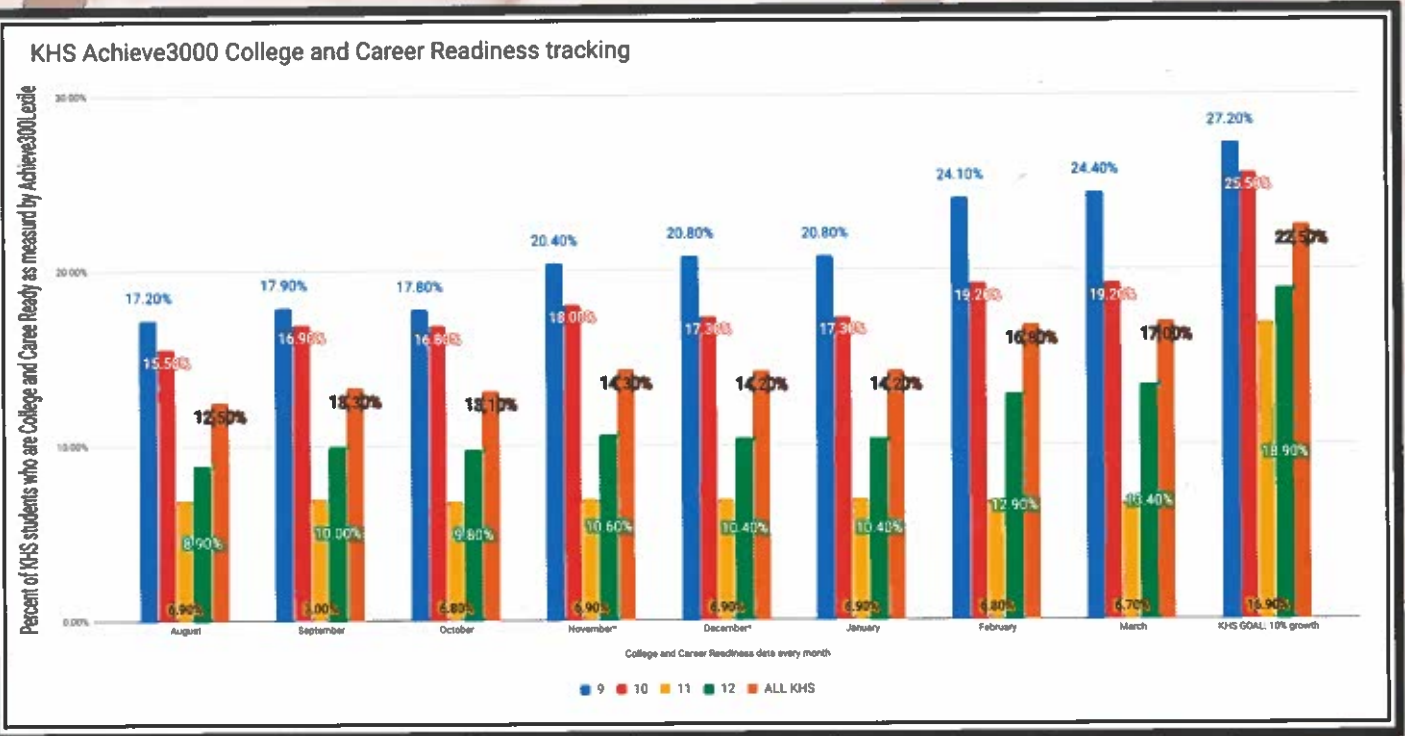

This year marks another year of advancement with our programs and offerings. It also marks another year of resilience. Only three years ago, we were hit by Super Typhoon Soudelor. This school year, we were hit again, this time by Super Typhoon Yutu. Both experiences have been life changing. Both experiences have shown that the Kagman High School community starts *strong* and will always end *stronger*. It is the A Y U Y U way!

This year's school wide goal is *KHS students will show growth of 10% in College and Career Readiness as measured by Achieve 3000 in June 2019*. The KHS Leadership Team decided to focus on College and Career Readiness measures *critical* to meeting our vision and mission as a school.

Our *VISION* is to implement diverse educational programs that are responsive to the needs of all students. Our *MISSION* is to collaborate with the community to provide a safe, inclusive and rigorous environment for students to enhance skills and knowledge essential to becoming ethical members of society.

We believe that being College and Career Ready does not only mean academic accomplishments. We not also believe in being College and Career Ready but also in keeping an important focus on building a culture of preparedness, perseverance and effort. Other measures we reviewed in assessing this goal were: Headquarters , Senior HQ Interview, Participation and Results, Senior Exit Survey, College and Tech School Acceptance and Enrollment.

STUCO President's Message

Camacho,
De Faustina

You know how in many high school reflections, people would say high school was like a rollercoaster ride? Well... this is Saipan. And we don't have roller coasters here. So, high school was like a jump off of East Bay: scary, exhilarating, dreadful, but definitely worth it. (Sorry, mom.)

The first time I ever jumped off that rock, I jumped out of my comfort zone. I felt the massive butterflies and drop in my stomach and that was every feeling I felt when I took big opportunities that led me to big places and meet amazing new people. I'll tell you this, no matter how much fright you feel, how uncomfortable you will be, or how far you feel from your safe place, take that big step off! Jump your highest and cannonball the heck into the waves of opportunity!

Thank you Kagman High and to all who've supported and helped shape me into a better leader throughout the years. To you, whoever is reading this, thank you for being here.

Talofa out!ā

MILLION DOLLAR \$SCHOLAR\$ 4.0

The Million Dollar \$Scholar\$ club was founded by Mr. Gerard Van Gils. Established three years ago, the club's mission is to prepare students for college and career readiness. Based on worldwide statistics, people with a Bachelor's degree earn a million dollars more than a high school dropout, hence the name Million Dollar \$Scholar\$. They aim for a dream found beyond the reefs of our islands: Lifting the community with the power of education.
